EDUCATION

Bachelor of Technology in Information Technology — Jaipur, RJ
Arya College of Engineering and IT — *Aug 2023 – Aug 2027*

SKILLS

Languages: JavaScript, TypeScript, Python, C, C++, Java, R, HTML, CSS
Frameworks & Libraries: React, Next.js, Node.js, Express, React Native, Pandas, Scikit-learn, TensorFlow, PyTorch, Hugging Face
Tools & Platforms: Git, Docker, PostgreSQL, MongoDB, VS Code, GitHub Copilot, RStudio, Salesforce
Concepts: Data Structures & Algorithms, OOP, Data Analysis, Operating Systems, Version Control

EXPERIENCE

Frontend Developer Intern — Feb 2026 – May 2026
Bharatiya Drishya · Remote

- Gained hands-on experience building production-grade React components and implementing responsive layouts from design specs
- Learnt real-world version control workflows including branching, pull requests, and code review in a professional team environment
- Developed understanding of frontend performance optimisation, cross-browser compatibility, and accessibility standards
- Strengthened skills in API integration, state management, and collaborating effectively across frontend and backend boundaries

PROJECTS

VH Gems & Jewels – 3D Jewelry Platform — vijayhandajewellers.com

- Built the complete frontend for a live luxury jewelry e-commerce platform for a real client, with full ownership of the UI
- Integrated WebGi SDK to deliver real-time interactive 3D ring animations as the centrepiece of the landing page
- Developed a fully responsive component-driven UI in React and Vite with smooth transitions and optimised load times
- Handled product catalog rendering and coordinated backend API integration for cart and checkout functionality

Tech Stack: React, Vite, WebGi SDK, JavaScript, CSS

Marwari Basket – E-Commerce Platform — marwari-basket.vercel.app

- Built a full-stack e-commerce application for authentic Rajasthani heritage products from scratch
- Developed a React.js frontend with a Node.js and Express backend connected to a MongoDB database
- Implemented product catalog, shopping cart, and end-to-end checkout flow with order management
- Deployed on Vercel with mobile-first responsive design and optimised load performance

Tech Stack: React.js, Node.js, Express, MongoDB

CERTIFICATIONS

Python Certificate – Codedex (2024)
NPTEL Certificates – Data Science and Data Structures & Algorithms (2024)
Salesforce Developer Certificate – TechForce Academy (2025)
